AWARDS**

**WAN AWARDS: RESIDENTIAL BUILDINGS**

The International Union of Architects announces the launch of the WAN AWARDS session devoted to residential buildings. This sector includes two categories: **multi-occupancy housing and single family houses.**

The 2010 WAN residential award honours apartment blocks, housing estates and other multi-occupancy units, refurbishments and conversions, completed during the last three years (on or after 1st January 2007). The 2010 House of the Year will be awarded for a single-family house completed during this calendar year.

**The deadline for submission is 31 December 2010.**

**Olufemi Majekodunmi**, UIA Past President, will represent the Union on the jury for this session of the awards.

**Via UIA a reduction de 20% on the registration fee is offered to new participants in this Award by using the following code at the time of registration**

UIADI

This is the last of the 6 bi-monthly 2010 'Excellence in Design' series. Each session of this Awards programme is devoted to a different sector: education, healthcare, civic, commercial and residential buildings.

The WAN AWARDS are organised by **World Architecture News**, the on-line international architecture review, **UIA media partner.**
